The Results

So far, Dreamscapes has received **17 calls** and their **online ads have been displayed 37,797 times** to people who went to their website! And with only one mailing, Dreamscapes brought in **\$7,000 in immediate revenue** from a campaign that cost \$4,979. If they keep up their mailings and Google follow-up, they will definitely continue to increase the size of their brands footprint and gain even more new clients (and revenue!) with consistent promotion.
